GENERAL INTRODUCTION

Rockson Engineers Ltd was primarily been established as a construction and civil company. Based on the decision of the company to diversify our properties; we have now upgraded this company to be able to deal with Road, Buildings, Water, Tower construction, Solar power installation, logistic solution, Electrical installation and in the near future we are planning to deal with well drilling.

Company Strategy

- Purpose
 - ❖ To be a leader in the construction of Towers, roads, water, electrical and building by providing enhanced services, relationship and profitability.

- Vision
 - ❖ To provide quality services that exceeds the expectations of our esteemed customers.

- Mission statement
 - ❖ To build long term relationships with our customers and clients and provide exceptional customer services by pursuing business through innovation and advanced technology.

- Core values
 - ❖ We believe in treating our customers with respect, faith and courtesy, we grow through creativity, invention and innovation.
 - ❖ We integrate honesty, integrity and business ethics into all aspects of our business functioning

□ Goals

- ❖ Regional expansion in the field of property management and develop a strong base of key customers.
- ❖ Increase the assets and investments of the company to support the development of services.
- ❖ To build good reputation in the field of real estate and property management and become a key player in the industry.

Scope of Work

Rock son Engineers Ltd conducts tower construction, civil, water, building, electrical works and logistics solutions.
